## For optimum <br> performance use: Hawk Power 17 <br> Total String Length: $12 \mathrm{~m} / 39,5 \mathrm{ft}$ <br> String Pattern: $\quad 18$ Main ( $6,5 \mathrm{~m} / 21,5 \mathrm{ft}$ ) <br> 20 Cross ( $5,5 \mathrm{~m} / 18,0 \mathrm{ft}$ )

Rec. String Tension: $22-26 \mathrm{~kg} / 48-57 \mathrm{lbs}$

## Main Strings

Start at the top with the center holes $\mathrm{L} 38+\mathrm{R} 38$. For the left and the right side of the main strings clamp $3,25 \mathrm{~m}(10,75 \mathrm{ft})$ at holes L 38 and R 38 respectively. Tighten 2 main strings left, two main strings right and so on, skipping holes $\mathrm{L} 8+\mathrm{R} 8, \mathrm{~L} 10+\mathrm{R} 10, \mathrm{~L} 29+\mathrm{R} 29$ and $\mathrm{L} 31+\mathrm{R} 31$. Tie off at holes L9 + R9.

## Cross Strings

For the cross string measure $5,5 \mathrm{~m}(18,0 \mathrm{ft})$ string. Tie on the cross strings at hole L30/R30 and lace string through hole L31/R31. Tighten all 20 cross strings in direction of racquet throat. Tie off at hole R10/L10.
